Negotiators' Report for Week Ending February 26, 2010

The Countdown Begins. Four Days to Opening Day: March 2!

Audit of Health Care Dependent Coverage to Begin

The negotiators, along with other union groups on the property, met with Company Benefits Director Tom Richards and outside consulting firm AON regarding health care dependents. The Company's purpose of this meeting was to advise that:

- √ AON will be conducting an audit of dependents under our health plan;
- √ AON will be sending a letter in March to employees listing the employee's dependents and giving information to requalify under dependent status;
- √ This audit should be completed by June.

Employees who show dependents who do not qualify will then need to remove them from their benefits.

Sincerely and fraternally,

Stephen M. Gordon
