## Negotiators' Report For Week Ending July 30, 2010

Face-to-face negotiations resumed with the Company in Seattle this week . . . .

An informal session with Jeff Butler and Kelley Dobbs was held on Monday afternoon. We had a frank discussion concerning differences in our bargaining issues. No tentative agreements were reached on any issues. Your negotiating committee was candid regarding our perception of the problems that have prevented us from reaching an agreement.

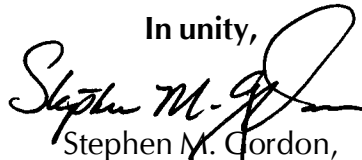

The push for job security continues . . . .

Letter #12 expired July 19, so take every opportunity to spread the message that we are strongly opposed to outsourcing -- whether it's at Oakland, Anchorage, Barrow or Burbank. The record profit for the second quarter that was posted last week speaks for itself. How much higher do the profits need to be before the COPS group is offered job security equal to the other labor groups on the property?

The mail is coming in to Corporate from Employees and from Frequent Flyer Passengers. **Don't stop!** We are doing a good job of letting Corporate know that we are serious about these negotiations.

**Stay Union Strong!**

In unity,

Stephen M. Gordon,
